Panel proposed by Cormac Behan, Technological University Dublin, Ireland

SUMMARY OF THE WEBINAR

The Prisoner Learning Academic Network (PLAN) is a hub for researchers and practitioners who work on issues relating to prisoner learning. The objective of PLAN is to raise the profile, quality and impact of all levels of prison education, by promoting research and supporting networking. It aims to achieve this by helping to share research, connect researchers across disciplines and support service users and practitioners to apply research and contribute to evidence.

During this panel session, the members of PLAN will introduce the work of the Prison Learning Academic Network. Each member will share their research into various aspects of education. They will introduce some of the innovative practices that they have been involved in, and discuss best practice in prison education.

PROGRAMME

Welcome and opening address

UNESCO Chair of Applied Research for Education in Prison

Chair

Morwenna Bernalick
University of Westminster, United Kingdom

Presentations

The Open Academy: Further and higher education in prison
Morwenna Bernalick, University of Westminster, United Kingdom
